No.JALP-7.6./06-2020

**Amendments to the JSC LatRailNet regulations Nr.JALP-7.6/02-2017 of 30 June 2017 "The Collection Scheme"**

1. Amend the JSC LatRailNet regulations No.JALP-7.6/02-2017 of June 30 2017 "The Collection Scheme" (hereinafter - the Scheme) as follows:

1.1. Supplement the scheme with Paragraph 13.3 as follows:

"13.3 If the conditions of the payment related to the infrastructure charge referred to in Paragraph 1 are substantially changed for a specific market segment where the transportation is performed using pre-reserved train paths within a specific part of the infrastructure, the charging body applies the applicant's ad-hoc application payment **ĀKM** rezer bfv gr for the assigned part of the railway infrastructure capacity in the relevant market segment and within the relevant part of the network in the amount of the application assurance payment **NKM** rezer bfv gr referred to in Paragraph 13 until the end of the annual working timetable."

2. The charging body publishes these amendments on its website on the internet and submits information about it to the public-use railway infrastructure manager for inclusion in the railway infrastructure network statement.

3. These amendments enter into force upon their publication.

4. A complaint regarding these amendments in accordance with the ninth part of Article 12 of the Railway Law may be submitted to the State Railway Administration no later than a month after the date of their publication.
